Fire insurance agents are reporting to Mayor Miller, fire insurance premium rates and losses for the past year. It is desired that the reports be submitted quarterly so that application for reduced rates for the present year can be made just as early as possible. Ten of the insurance local agents have already submitted their reports.

Corpus Christi today will experience the coldest weather of the present winter according to the forecast of the Bureau of Commerce. Lethal cold is predicted, freezing weather for the most this morning. The "blue" north will probably last until Saturday or Sunday.
